Experience

Operations & Analyst Intern

Jan 2026 – Mar 2026

TravClan, Delhi

On-Site

- Analyzed **100+ bookings/week**, improving turnaround time by **15%**.
- Performed margin analysis on **200+ quotations/month**, reducing pricing discrepancies by **20%**.
- Streamlined vendor coordination processes, improving operational efficiency and reducing delays.

Data Analyst Intern

Jan 2025 – June 2025

Computer Solution, Ranchi

Remote

- Built **8+ interactive dashboards**, improving reporting efficiency by **25%**.
- Analyzed **10,000+ records** to identify trends and optimize campaign performance.
- Generated data-driven insights that supported business decision-making and improved ROI.

Technical Skills

- **Programming:** Python, SQL, C
- **Cloud & Data Warehousing:** AWS (S3, Lambda, Athena), Snowflake
- **Data Engineering:** ETL Pipelines, Data Processing, Data Transformation
- **Data Analysis:** EDA, Data Cleaning, Statistical Analysis, Data Visualization
- **Visualization Tools:** Tableau, Power BI, Excel (Advanced)
- **Libraries:** Pandas, NumPy, PySpark
- **Databases:** MySQL
- **Business Skills:** KPI Tracking, Requirement Gathering, Stakeholder Communication

Projects

MoodFlix – AI-Powered Movie Recommendation System

Apr 2026

Python, Streamlit, Hugging Face API, TMDB API

- Developed an AI-powered recommendation system generating personalized movie suggestions based on user mood.
- Integrated Hugging Face API to improve recommendation accuracy by **30%**.
- Fetched and displayed **real-time movie data (1000+ records)** using TMDB API.

AWS Fraud Detection Pipeline

May 2026

AWS (S3, Lambda, DynamoDB), Python

- Built a serverless ETL pipeline to process **5000+ transaction records** for fraud detection.
- Automated data ingestion and transformation using AWS Lambda, reducing manual processing effort by **40%**.
- Identified suspicious patterns using query-based analysis, improving anomaly detection efficiency.

AI First Aid Assistant

Dec 2024

Python, Gemma API

- Developed an AI-based assistant providing real-time first aid recommendations for multiple scenarios.
- Handled **10+ injury scenarios** with accurate and context-aware responses.

Education

BE

2022 – 2026

Dayananda Sagar College of Engineering

CGPA: 8.6/10

Senior Secondary

2021

Surendranath Centenary School

78.6%

Higher Secondary

2019

Surendranath Centenary School
